

ESPACE HIPPOMENE

CUBE

The impressively dimensioned Cube is the centerpiece of the building. It is one of the largest halls in Switzerland, with a distinctive industrial design and a raw, unworked character. The Cube can accommodate up to 2,000 people. It offers a multitude of configurations and is equipped with the infrastructure required to organize prestige conventions and events. It is fitted with electric dimmer blinds and 48 motor-driven lights, which can be used to produce modular lighting that creates the right atmosphere for a conference, a show or a banquet.

GROUND FLOOR

Maximum capacity	2,000 people
Surface area	1,764 m ²
